

Akihide Yoshimi, MD, PhD

Akihide Yoshimi is the Chief of the Div. Cancer RNA Research at the National Cancer Center Research Institute (NCCRI), Japan, and a Visiting or Affiliated Professor at multiple leading academic institutions including the University of Tokyo, Keio University, and Tokyo University of Science. A physician-scientist with a strong interest in RNA biology, cancer genomics, and hematological malignancies, Dr. Yoshimi earned his MD from the University of Tokyo in 2003 and completed his clinical training in internal medicine and hematology at the University of Tokyo Hospital and NTT Medical Center Tokyo.

He received his PhD in Medical Science from the University of Tokyo in 2011, where he studied transcriptional dysregulation in leukemias. He subsequently held clinical and academic positions at the University of Tokyo before moving to the United States for postdoctoral research at the Memorial Sloan Kettering Cancer Center (MSKCC), where he served as a Visiting Investigator, LLS Special Fellow, and ultimately a Senior Research Scientist in the Human Oncology and Pathogenesis Program.

In 2020, Dr. Yoshimi returned to Japan to establish an independent research unit at the National Cancer Center Research Institute (NCCRI), dedicated to elucidating the molecular pathogenesis of cancer through RNA regulation. Now known as the Division of Cancer RNA Research, his laboratory integrates cutting-edge transcriptomic technologies, RNA biology, and therapeutic discovery. The team is actively developing RNA-based cancer therapies, including anti-cancer mRNA vaccines and antisense oligonucleotide treatments.

Awards/Honors

Year	Award/Honor
2009	Research Fellowship for Young Scientists, Japan Society for the Promotion of Science
2011	Keystone Symposia Scholarship, Keystone Symposia
2011	Encouragement Award, Japanese Society of Hematology (JSH)
2012	Kirinji Award, 8th Young Researchers' Meeting on Hematology
2013	Young Investigator Special Award, Japan Leukemia Research Fund
2015	Academic Encouragement Award, Japanese Cancer Association (JCA)
2016	Overseas Research Fellowship, Japan Society for the Promotion of Science (JSPS)
2017	Abstract Achievement Award, American Society of Hematology (ASH)
2018	Abstract Achievement Award, American Society of Hematology (ASH)
2019	AACR Scholar-in-Training Award, American Association for Cancer Research (AACR)
2020	Travel Award, FASEB Hematologic Malignancies Conference
2020	Year's Best, American Society of Hematology (ASH)
2020	LLS CDP Fellow Achievement Award, Leukemia & Lymphoma Society (LLS)
2021	Takeda Science Foundation Medical Research Grant, Takeda Science Foundation
2022	Global Research Award, American Society of Hematology (ASH)
2022	Bioindustry Incentive Award, Japan Bioindustry Association (JBA)
2022	JCA-Mauvernay Award, Japanese Cancer Association (JCA)
2023	Leave a Nest Research Award - Advanced Research Promotion Division (Leave a Nest)
2024	Excellence Award, Japan Health Foundation
